Educational Philosophy and Objectives

The District's educational program will seek to provide an opportunity for each student to develop to his or her maximum potential. The objectives for the educational program are to:

1. Foster students' self-discovery, self-awareness, and self-discipline.
2. Develop students' awareness of and appreciation for cultural diversity.
3. Stimulate students' intellectual curiosity and growth.
4. Provide students with fundamental career concepts and skills.
5. Help students develop sensitivity to the needs and values of others and a respect for individual and group differences.
6. Help each student strive for excellence and instill a desire to reach the limit of his or her potential.
7. Encourage students to become life long learners.
8. Provide an educational climate and culture free of gender, disabilities, cultural, ethnic, or religious bias.

In order for the School Board to monitor whether the educational program is attaining these objectives and to be knowledgeable of current and future resource needs, the Superintendent shall prepare an annual report that includes:

1. A review and evaluation of the present curriculum.
2. A projection of curriculum and resource needs.
3. An evaluation of, and plan to eliminate, any sexual, cultural, ethnic, or religious bias that may be present in the curriculum or instructional materials and methods.
4. Any plan for new or revised instructional program implementation.
5. A review of present and future facility needs.

Instruction

School Accountability

According to the Illinois General Assembly, the primary purpose of schooling is the transmission of knowledge and culture through which students learn in areas necessary to their continuing development and entry into the world of work. To fulfill that purpose, the Ill. State Board of Education (ISBE) prepared *State Goals for Learning* with accompanying *Illinois Learning Standards*.

The School Board gives priority in the allocation of resources, including funds, time, personnel, and facilities, to fulfilling this purpose.

Quality Assurance

The Board continuously monitors student achievement and the quality of the District's work. The Superintendent shall supervise the following quality assurance components, in accordance with State law and ISBE rules, and continuously keep the Board informed:

1. Prepare each school's annual recognition application and quality assurance appraisal, whether internal or external, to assess each school's continuous school improvement.
2. Continuously assess the District's and each school's overall performance in terms of both academic success and equity. This includes, without limitation, a thorough analysis of ISBE's balanced accountability measure and each school's *Multiple Measure Index* and corresponding *Annual Measurable Objective* provided by ISBE.
3. If applicable, develop District and School Improvement Plans, present them for Board approval, and supervise their implementation.
4. Prepare a school report card, present it at a regular Board meeting, and disseminate it as provided in State law.
5. In accordance with 105 ILCS 5/2-3.153, annually administer a climate survey on the instructional environment within the school to, at minimum, students in grades 4 through 12 and teachers.

Exhibit - Resolution Declining Requests to Accept Non-Resident Choice Students

WHEREAS, schools identified for school improvement, corrective action, or restructuring under the federal Elementary and Secondary Education Act, 20 U.S.C. §6316, as added by the No Child Left Behind Act of 2001, must offer their students the choice of attending other schools that have not been so identified (so-called "choice students");

WHEREAS, this School District may be requested by other school districts to accept and enroll students currently attending a school identified for school improvement, corrective action, or restructuring;

WHEREAS, no school in this School District has adequate resources, capacity, and/or staffing that would make it a candidate for accepting non-resident choice students from non-district schools without harming the educational program it currently offers.

THEREFORE, BE IT RESOLVED THAT:

1. The District will not enter into intergovernmental agreement to accept non-resident students from non-District schools identified for school improvement, corrective action, or restructuring;
2. The District will not accept non-resident choice students for enrollment, other than pursuant to: (1) an intergovernmental or cooperative agreement; (2) a binding order from a court having appropriate jurisdiction; (3) foreign exchange students accepted pursuant to District policy; or (4) State or federal law requiring the District to accept a non-resident students.
3. The Superintendent shall keep the School Board apprised of any change in conditions that might cause the Board to reconsider this Resolution.

Exhibit - Notice to Parents of Children Enrolled in a School that Missed AYP for Two or More Consecutive Years

On District letterhead

Date:

Dear Parents:

Our school and District are dedicated to providing all students with the educational foundation necessary to succeed in school and in life. To ensure your child's success, we have set high learning standards that are reflected in what is taught in our classrooms. State and federal law also address student assessment and accountability requirements. The federal No Child Left Behind Act of 2001 (NCLBA) requires all states to measure each public school's achievement and establish annual achievement targets. Schools must reach these performance targets, known as "adequate yearly progress" (AYP), in order to reach 100% proficiency by the school year 2013-14. A school is identified for school improvement or corrective action if it misses making AYP for two or more consecutive years. All students and subgroups of 40 or more within schools, School Districts, and the State are calculated for AYP.

This notice is provided to you in accordance with the NCLBA because the school your child attends has been identified for: *(District checks)*

- **School improvement.** You may have the *school choice transfer option* described below.
- **Year two of school improvement.** You may have the *school choice transfer option* or the *supplemental education services option* for low-income families, described below.
- **Corrective action.** You may have the *school choice transfer option* or the *supplemental education services option* for low-income families, described below.

What was the reason for the identification?

Your child's school was identified for school improvement for the following reason(s):

Information on how the school compares in terms of academic achievement to other District elementary or secondary schools is available from the school's annual school report card.

What is the school doing in order to improve?

We are using our school improvement plan, developed as required by Illinois law, to address our school improvement needs, including those identified under the NCLBA. The School Board, administration, and school staff are collaborating on proven methods to improve student performance, including evaluating and improving the curriculum and instruction, increasing staff effectiveness, enhancing the learning environment, and increasing parental participation.

How can parents/guardians become involved in addressing academic issues?

Building and maintaining a high quality school is a job for the entire community, and we need your help in reaching these goals. We encourage you to participate in programs and activities for parental involvement. The school has meetings throughout the school year for parents/guardians to discuss and learn ways to help their children achieve.

What is the school choice transfer option?

The NCLBA requires schools identified for school improvement or corrective action to offer parents/guardians the chance to transfer their children to another public school within the District that is making AYP. Your child's school will participate in this school choice program. If you exercise the option to transfer your child and your child is eligible, the School District has certain obligations to provide or pay for transportation to the new school. If demand exceeds a school's capacity, priority will be given to the lowest-achieving students from the lowest-income families.

The school choice transfer is an option for the parents/guardians – it is not mandatory. You may believe it is better for your child to continue to attend his or her current school. In addition, the District may not be able to transfer every child in the same family to the same school. However, if you would like your child to be considered for transfer, please mail the attached form no later than _____. If we do not receive the form postmarked by this date, your child will stay in his or her current school. You will be contacted to discuss the specifics of your request. If you wish for your child to remain at his/her current school, no action on your part is required.

What is the option for supplemental education services (SES)?

The NCLBA requires schools identified for year two of school improvement or corrective action to offer supplemental educational services to students from low-income families. Rather than requesting a school choice transfer, low-income families may request extra help for their child attending his or her current school.

The term "supplemental educational services," also referred to as SES, refers to extra instructional help provided to students in reading and math. This extra help or tutoring is provided when school is not in session. If more eligible students request supplemental education services than the District can provide through Title I funding, the District will give priority to serving the lowest-performing students.

If you would like supplemental educational services for your child, please mail the attached form no later than _____. Upon receiving the completed form, we will provide you with a description of State-approved supplemental service providers from which you may choose. Please call the Building Principal if you would like help selecting a provider or have other questions about supplemental educational services.

If you would like to receive any of this information, please contact the school office.

Sincerely,

Superintendent

Instruction

Exhibit – Application for Supplemental Educational Services

The federal No Child Left Behind Act requires schools identified for year two of school improvement or corrective action to offer supplemental educational services to students from low-income families. The term “supplemental educational services,” also referred to as SES, refers to extra instructional help provided to students in reading and math.

If you would like supplemental educational services for your child, please mail this form no later than _____. Upon receiving the completed form, we will provide you with a description of State-approved supplemental service providers from which you may choose.

While the District wants to accommodate every request for supplemental educational services, it may not be possible depending on the number of requests. The following order determines which requests will receive priority:

- Students not meeting performance standards in reading **and** math who are eligible for the federal Free Breakfast or Lunch Program.
- Students not meeting performance standards in reading **or** math who are eligible for the federal Free Breakfast or Lunch Program.
- Students not meeting performance standards in reading **and** math who are eligible for the federal Reduced Breakfast or Lunch program.
- Students not meeting performance standards in reading **or** math who are eligible for the federal Reduced Breakfast or Lunch Program.
- Students eligible for free or reduced breakfast **or** lunch programs.

School Year Calendar and Day

School Calendar

The School Board, upon the Superintendent's recommendation and subject to State regulations, annually establishes the dates for opening and closing classes, teacher institutes and in-services, the length and dates of vacations, and the days designated as legal school holidays. The school calendar shall have a minimum of 185 days to ensure 176 days of actual student attendance.

Commemorative Holidays

The teachers and students shall devote a portion of the school day on each commemorative holiday designated in the School Code to study and honor the commemorated person or occasion. The Board may, from time to time, designate a regular school day as a commemorative holiday.

School Day

The Board establishes the length of the school day with the recommendation of the Superintendent and subject to State law requirements. The Superintendent or designee shall ensure that observances required by State law are followed during each day of school attendance.

Instruction

Organization of Instruction

The School District has instructional levels for grades Pre-k through 8. The Superintendent shall annually present to the School Board a plan for organizing instructional levels and assigning them to school facilities in order to:

1. Support the District's educational program,
2. Maximize facility usage without undue overcrowding, and
3. Provide substantially comparable instructional programs across the District.

Students, for instructional purposes, may be placed in groups within a school that do not necessarily follow grade level designations. For purposes of attendance reporting and other records, however, each student is assigned a grade-level placement.

Kindergarten

The District maintains a full-day kindergarten with an instructional program that fulfills the District's curriculum goals and objectives and the requirements of the State law. The District also offers a half-day kindergarten for those parents/guardians who request a half-day program.

Instruction

Curriculum Development

Adoption

The Superintendent shall recommend a comprehensive curriculum that is aligned with:

1. The District's educational philosophy and goals,
2. Student needs as identified by research, demographics, and student achievement and other data,
3. The knowledge, skills, and abilities required for students to become life-long learners,
4. The minimum requirements of State and federal law and regulations for curriculum and graduation requirements,
5. The curriculum of non-District schools that feed into or from a District school, provided that the necessary cooperation and information is available,
6. The Illinois State Learning Standards and any District learning standards, and
7. Any required State or federal student testing.

The School Board will adopt, upon recommendation of the Superintendent, a curriculum that meets the above criteria.

Experimental Educational Programs and Pilot Projects

The Superintendent may recommend experimental educational programs and/or pilot projects for Board consideration. Proposals must include goals, material needs, anticipated expenses, and an evaluation process. The Superintendent shall submit to the Board periodic progress reports for programs that exceed one year in duration and a final evaluation with recommendation upon the program's completion.

Single-Gender Classes and Activities

The Superintendent may recommend a program of nonvocational single-gender classes and/or activities to provide diverse educational opportunities and/or meet students' identified educational needs. Participation in the classes or activities must be voluntary, both genders must be treated with substantial equality, and the program must otherwise comply with State and federal law and with Board policy 7:10, *Equal Educational Opportunities*. The Superintendent must periodically evaluate any single-gender class or activity to ensure that: (1) it does not rely on overly broad generalizations about the different talents, capabilities, or preferences of either gender, and (2) it continues to comply with State and federal law and with Board policy 7:10, *Equal Educational Opportunities*.

Development

The Superintendent shall develop a curriculum review program to monitor the current curriculum and promptly suggest changes to make the curriculum more effective, to take advantage of improved teaching methods and materials, and to be responsive to social change, technological developments, student needs, and community expectations.

The Superintendent shall report to the Board as appropriate, the curriculum review program's efforts to:

1. Regularly evaluate the curriculum and instructional program.
2. Ensure the curriculum continues to meet the stated adoption criteria.
3. Include input from a cross-section of teachers, administrators, parents/guardians, and students, representing all schools, grade levels, disciplines, and specialized and alternative programs.
4. Coordinate with the process for evaluating the instructional program and materials.

Curriculum Guides and Course Outlines

The Superintendent shall develop and provide subject area curriculum guides to appropriate staff members.

School Wellness

Student wellness, including good nutrition and physical activity, shall be promoted in the District's educational program, school activities, and meal programs. This policy shall be interpreted consistently with Section 204 of the Child Nutrition and WIC Reauthorization Act of 2004 and the Healthy Hunger-Free Kids Act of 2010 (HHFKA). The Superintendent or designee will ensure each school building complies with this policy, the policy is available to the community on an annual basis, and that the community is informed about the progress of this policy's implementation.

Goals for Nutrition Education and Nutrition Promotion

The goals for addressing nutrition education and nutrition promotion include the following:

- Schools will support and promote sound nutrition for students.
- Schools will foster the positive relationship between sound nutrition, physical activity, and the capacity of students to develop and learn.
- Nutrition education will be part of the District's comprehensive health education curriculum. See School Board policy 6:60, *Curriculum Content*.

Goals for Physical Activity

The goals for addressing physical activity include the following:

- Schools will support and promote an active lifestyle for students.
- Physical education will be taught in all grades and shall include a developmentally planned and sequential curriculum that fosters the development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle. See Board policy 6:60, *Curriculum Content* and Board policy 7:260, *Exemption from Physical Education*.
- During the school day, all students will be required to engage in a daily physical education course, unless otherwise exempted. See Board policy 6:60, *Curriculum Content* and Board policy 7:260, *Exemption from Physical Education*.

- The curriculum will be consistent with and incorporate relevant *Illinois Learning Standards for Physical Development and Health* as established by the Illinois State Board of Education (ISBE).

Nutrition Guidelines for Foods Available During the School Day

Students will be offered and schools will promote nutritious food and beverage choices consistent with the current *Dietary Guidelines for Americans* published jointly by the U.S. Departments of Health and Human Services and Agriculture (USDA). In addition, in order to promote student health and reduce childhood obesity, the Superintendent or designee shall restrict the sale of *competitive foods*, as defined by the USDA, in the food service areas during meal periods and comply with all ISBE rules.

Exempted Fundraising Day (EFD) Requests

All food and beverages sold to students on the school campuses of participating schools during the school day must comply with the “general nutrition standards for competitive foods” specified in federal law, unless the Superintendent or designee in a participating school has granted an *exempted fundraising day* (EFD). To request an EFD and learn more about the District’s related procedure(s), contact the Superintendent or designee. The District’s procedures are subject to change. The number of EFDs is set by ISBE rule.

Guidelines for Reimbursable School Meals

Reimbursable school meals served shall meet, at a minimum, the nutrition requirements and regulations for the National School Lunch Program and/or School Breakfast Program.

Monitoring

The Superintendent or designee shall annually provide implementation data and/or reports to the Board concerning this policy’s implementation sufficient to allow the Board to monitor and adjust the policy. This report must include without limitation each of the following:

- An assessment of the District’s implementation of the policy
- The extent to which schools in the District are in compliance with the policy
- The extent to which the policy compares to model local school wellness policies
- A description of the progress made in attaining the goals of the policy

Community Input

The Superintendent or designee will actively invite suggestions and comments concerning the development, implementation, and improvement of the school wellness policy from parents,

students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and community.

Recordkeeping

The Superintendent or designee shall retain records to document compliance with this policy.

Instruction

Curriculum Content

The curriculum shall contain instruction on subjects required by State statute or regulation as follows:

1. In kindergarten through grade 8, subjects include: (a) language arts, (b) reading, (c) other communication skills, (d) science, (e) mathematics, (f) social studies, (g) art, (h) music, and (i) drug and substance abuse prevention. A reading opportunity of 60 minutes per day will be promoted for all students in kindergarten through grade 3 whose reading levels are one grade level or more lower than their current grade level. Before the completion of grade 5, students will be offered at least one unit of cursive instruction. Beginning with the 2020-2021 school year, in grades 6, 7, or 8, students must receive at least one semester of civics education in accordance with Illinois Learning Standards for social science.
2. In grades 9 through 12, subjects include: (a) language arts, (b) writing intensive course, (c) science, (d) mathematics, (e) social studies including U.S. history, American government and one semester of civics, (f) foreign language, (g) music, (h) art, (i) driver and safety education, and (j) vocational education.

Students otherwise eligible to take a driver education course must receive a passing grade in at least eight courses during the previous two semesters before enrolling in the course. The Superintendent or designee may waive this requirement if he or she believes a waiver to be in the student's best interest. The course shall include: (a) instruction necessary for the safe operation of motor vehicles, including motorcycles, to the extent that they can be taught in the classroom, (b) classroom instruction on distracted driving as a major traffic safety issue, (c) instruction on required safety and driving precautions that must be observed at emergency situations, highway construction and maintenance zones, and railroad crossings and their approaches, and (d) instruction concerning law enforcement procedures for traffic stops, including a demonstration of the proper actions to be taken during a traffic stop and appropriate interactions with law enforcement. Automobile safety instruction covering traffic regulations and highway safety must include instruction on the consequences of alcohol consumption and the operation of a motor vehicle. The eligibility requirements contained in State law for the receipt of a certificate of completion from the Secretary of State shall be provided to students in writing at the time of their registration.

3. In grades 7 through 12, as well as in interscholastic athletic programs, steroid abuse prevention must be taught.
4. In kindergarten through grade 12, provided it can be funded by private grants or the federal government, violence prevention and conflict resolution must be stressed, including: (a) causes of conflict, (b) consequences of violent behavior, (c) non-violent resolution, and (d) relationships between drugs, alcohol, and violence.
5. In grades kindergarten through 12, age-appropriate Internet safety must be taught, the scope of which shall be determined by the Superintendent or designee. The curriculum must incorporate policy 6:235, *Access to Electronic Networks*, and, at a minimum, include: (a) education about appropriate online behavior, (b) interacting with other individuals on social networking websites and in chat rooms, and (c) cyberbullying awareness and response.
6. In all grades, character education must be taught including respect, responsibility, fairness, caring, trustworthiness, and citizenship in order to raise students' honesty, kindness, justice,

discipline, respect for others, and moral courage. Instruction in all grades will include examples of behaviors that violate policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*.

7. In all schools, citizenship values must be taught, including: (a) patriotism, (b) democratic principles of freedom, justice, and equality, (c) proper use and display of the American flag, (d) the Pledge of Allegiance, and (e) the voting process.
8. In all grades, physical education must be taught including a developmentally planned and sequential curriculum that fosters the development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle. Unless otherwise exempted, all students are required to engage in a physical education course with such frequency as determined by the Board after recommendation from the Superintendent, but at a minimum of three days per five-day week. For exemptions and substitutions, see policies 6:310, *High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students* and 7:260, *Exemption from Physical Education*.
9. In all schools, health education must be stressed, including: (a) proper nutrition, (b) physical fitness, (c) components necessary to develop a sound mind in a healthy body, (d) dangers and avoidance of abduction, and (e) age-appropriate sexual abuse and assault awareness and prevention education in all grades. The Superintendent shall implement a comprehensive health education program in accordance with State law.
10. In all schools, career/vocational education must be taught, including: (a) the importance of work, (b) the development of basic skills to enter the world of work and/or continue formal education, (c) good work habits and values, (d) the relationship between learning and work, and (e) if possible, a student work program that provides the student with work experience as an extension of the regular classroom. A career awareness and exploration program must be available at all grade levels.
11. In grades 9 through 12, consumer education must be taught, including: (a) financial literacy, including consumer debt and installment purchasing (including credit scoring, managing credit debt, and completing a loan application); budgeting; savings and investing; banking (including balancing a checkbook, opening a deposit account, and the use of interest rates); understanding simple contracts; State and federal income taxes; personal insurance policies; the comparison of prices; higher education student loans; identity-theft security; and homeownership (including the basic process of obtaining a mortgage and the concepts of fixed and adjustable rate mortgages, subprime loans, and predatory lending); and (b) the roles of consumers interacting with agriculture, business, labor unions and government in formulating and achieving the goals of the mixed free enterprise system.
12. In all schools, conservation of natural resources must be taught, including: (a) home ecology, (b) endangered species, (c) threats to the environment, and (d) the importance of the environment to life as we know it.
13. In all schools, United States (U.S.) history must be taught, including: (a) the principles of representative government, (b) the Constitutions of the U.S. and Illinois, (c) the role of the U.S. in world affairs, (d) the role of labor unions, (e) the role and contributions of ethnic groups, including but not limited to, the African Americans, Albanians, Asian Americans, Bohemians, Czechs, French, Germans, Hispanics (including the events related to the forceful removal and illegal deportation of Mexican-American U.S. citizens during the Great Depression), Hungarians, Irish, Italians, Lithuanians, Polish, Russians, Scots, and Slovaks in the history of this country and State, (f) a study of the roles and contributions of lesbian,

gay, bisexual, and transgender (LGBT) people in the history of the U.S. and Illinois, and (g) Illinois history.

In addition, all schools shall hold an educational program on the United States Constitution on Constitution Day, each September 17, commemorating the September 17, 1787 signing of the Constitution. However, when September 17 falls on a Saturday, Sunday, or holiday, Constitution Day shall be held during the preceding or following week.

14. In grade 7 and all high school courses concerning U.S. history or a combination of U.S. history and American government, students must view a Congressional Medal of Honor film made by the Congressional Medal of Honor Foundation, provided there is no cost for the film.
15. In all schools, the curriculum includes instruction as determined by the Superintendent or designee on the Holocaust and crimes of genocide, including Nazi atrocities of 1933-1945, Armenian Genocide, the Famine-Genocide in Ukraine, and more recent atrocities in Cambodia, Bosnia, Rwanda, and Sudan.
16. In all schools, the curriculum includes instruction as determined by the Superintendent or designee on the history, struggles, and contributions of women.
17. In all schools, the curriculum includes instruction as determined by the Superintendent or designee on Black History, including the history of the African slave trade, slavery in America, and the vestiges of slavery in this country, as well as the struggles and contributions of African-Americans.
18. In all schools offering a secondary agricultural education program, the curriculum includes courses as required by 105 ILCS 5/2-3.80.
19. In all schools, instruction during courses as determined by the Superintendent or designee on disability history, awareness, and the disability rights movement.
20. In kindergarten through grade 8, education must be available to students concerning effective methods of preventing and avoiding traffic injuries related to walking and bicycling.

Student Social and Emotional Development

Social and emotional learning (SEL) is defined as the process through which students enhance their ability to integrate thinking, feeling, and behaving to achieve important life tasks. Students competent in SEL are able to recognize and manage their emotions, establish healthy relationships, set positive goals, meet personal and social needs, and make responsible and ethical decisions.

The Superintendent shall incorporate SEL into the District's curriculum and other educational programs consistent with the District's mission and the goals and benchmarks of the Ill. Learning Standards. The Ill. Learning Standards include three goals for students:

1. Develop self-awareness and self-management skills to achieve school and life success.
2. Use social-awareness and interpersonal skills to establish and maintain positive relationships.
3. Demonstrate decision-making skills and responsible behaviors in personal, school, and community contexts.

The incorporation of SEL objectives into the District's curriculum and other educational programs may include but is not limited to:

1. Classroom and school-wide programming to foster a safe, supportive learning environment where students feel respected and valued. This may include incorporating scientifically based, age-and-culturally appropriate classroom instruction, District-wide, and school-wide strategies that teach SEL skills, promote optimal mental health, and prevent risk behaviors for all students.
2. Staff development and training to promote students' SEL development. This may include providing all personnel with age-appropriate academic and SEL and how to promote it.
3. Parent/Guardian and family involvement to promote students' SEL development. This may include providing parents/guardians and families with learning opportunities related to the importance of their children's optimal SEL development and ways to enhance it.
4. Community partnerships to promote students' SEL development. This may include establishing partnerships with diverse community agencies and organizations to assure a coordinated approach to addressing children's mental health and SEL development.
5. Early identification and intervention to enhance students' school readiness, academic success, and use of good citizenship skills. This may include development of a system and procedures for periodic and universal screening, assessment, and early intervention for students who have significant risk factors for social, emotional, or mental health conditions that impact learning.
6. Treatment to prevent or minimize mental health conditions in students. This may include building and strengthening referral and follow-up procedures for providing effective clinical services for students with social, emotional, and mental health conditions that impact learning. This may include student and family support services, school-based behavioral health services, and school-community linked services and supports.
7. Assessment and accountability for teaching SEL skills to all students. This may include implementation of a process to assess and report baseline information and ongoing progress

about school climate, students' social and emotional development, and academic performance.

Teaching About Religions

The School District's curriculum may include the study of religions as they relate to geography, history, culture, and the development of various ethnic groups. The study of religions shall give neither preferential nor derogatory treatment to any single religious belief or to religion in general. The study of religions shall be treated as an academic subject with no emphasis on the advancement or practice of religion.

Teaching About Controversial Issues

The Superintendent shall ensure that all school-sponsored presentations and discussions of controversial or sensitive topics in the instructional program, including those made by guest speakers, are:

- Age-appropriate. Proper decorum, considering the students' ages, should be followed.
- Consistent with the curriculum and serve an educational purpose.
- Informative and present a balanced view.
- Respectful of the rights and opinions of everyone. Emotional criticisms and hurtful sarcasm should be avoided.
- Not tolerant of profanity or slander. Disruptive conduct is prohibited and may subject a student to discipline.

The District specifically reserves its right to stop any school-sponsored activity that it determines violates this policy, is harmful to the District or the students, or violates State or federal law.

Using Animals in the Educational Program

Animals may be brought into school facilities for educational purposes according to procedures developed by the Superintendent assuring: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Animal Experiments

Experiments on living animals are prohibited; however, behavior studies that do not impair an animal's health or safety are permissible.

Animal Dissection

The dissection of dead animals or parts of dead animals shall be allowed in the classroom only when the dissection exercise contributes to or is a part of an illustration of pertinent study materials. All dissection of animals shall be confined to the classroom and must comply with the School Code.

Students who object to performing, participating in, or observing the dissection of animals are excused from classroom attendance without penalty during times when such activities are taking place. No student will be penalized or disciplined for refusing to perform, participate in, or observe a dissection. The Superintendent or designee shall inform students of: (1) their right to refrain from performing, participating in, or observing dissection, and (2) which courses contain a dissection unit and which of those courses offers an alternative project.

Exhibit - Guidelines and Application for Using Animals in School Facilities for Educational Purposes

To be submitted to the Building Principal

This application must be approved before an animal may be brought into any school facility. Animals may be brought into the classroom or learning center for educational purposes, provided: 1) prior permission is received from both the supervising teacher and the Building Principal or designee; and 2) the following *Guidelines for Using Animals in School Facilities* are agreed to by the applicant, supervising teacher, and/or the animal owner.

Guidelines for Using Animals in School Facilities

Prohibited Animals

The following animals are prohibited in school facilities:

1. Inherently dangerous animals (e.g., lions, tigers, cougars, and bears)
2. Nonhuman primates (e.g., monkeys and apes)
3. Mammals at high-risk for transmitting rabies (e.g., bats, raccoons, skunks, foxes, and coyotes)
4. Aggressive or unpredictable animals, wild or domestic
5. Stray animals with unknown health and vaccination history
6. Venomous or toxin-producing animals (e.g., certain spiders, insects, reptiles, and amphibians)

Vaccination Requirements

Prior to bringing certain animals into school facilities, current health records and/or proof of current vaccination is required as follows:

1. **Cats** – A health certificate signed by a licensed veterinarian showing proof of current vaccination against feline distemper/upper respiratory vaccine (FVRCP), feline leukemia, feline chlamydiosis, and rabies; and proof of a negative fecal exam or successful treatment for internal parasites within the past six months.
2. **Dogs** – A health certificate signed by a licensed veterinarian showing proof of current vaccination against canine distemper, hepatitis, leptospirosis, canine parainfluenza (CPIV), parovirus, Bordatella, and rabies; and proof of a negative fecal exam or successful treatment for internal parasites within the past six months.
3. **Ferrets** – A health certificate signed by a licensed veterinarian showing proof of current vaccination against rabies; and proof of a negative fecal exam or successful treatment for internal parasites within the past six months.
4. **Psittacine Birds** – Proof of treatment or negative test results for psittacosis (avian chlamydiosis).

General Guidelines

To protect students and staff from zoonotic diseases, the following guidelines apply to animals brought into school facilities for educational purposes:

1. The Building Principal or designee must approve all animals brought into school facilities.
2. Animals must be clean and free of intestinal parasites, fleas, ticks, and mites.
3. Students must be supervised by District staff during all human-animal contact.
4. Animals should be handled humanely.
5. Animals should be displayed in enclosed cages or under appropriate restraint (e.g., leash).
6. Animals may not roam free, fly free or have contact with wild animals.
7. No animals are allowed in areas where food or drink is prepared or consumed.
8. Food for animals must be stored in air-tight, closed containers (preferably hard plastic) to prevent spills and attracting nuisance animals and/or insects.
9. Anyone handling animals must wash his/her hands thoroughly with warm water and soap afterwards. Hand sanitizer may not be used as a substitute for soap and water.
10. Areas where animals have been present must be cleaned and disinfected by District staff.
11. Animal waste must be appropriately disposed of by a District staff member (e.g., using disposable plastic gloves and plastic bags). **Under no circumstances are students allowed to clean cages/aquariums or handle animal waste.**
12. The supervising teacher must:
 - A. Consult with parent(s)/guardian(s) to determine any special considerations needed for students who are immunocompromised or have allergies, asthma, or other health concerns; and
 - B. Complete and issue the *Student Permission for Exposure to Animal(s)* form to the parent(s)/guardian(s) of all students who will be exposed to the animal(s).
13. A responsible adult must accompany all animal visits into school facilities.

Procedures for the Housing, Care and Handling of Specific Animals

1. **Dogs** – All dogs must be housebroken.
2. **Farm animals** – Due to the risk of E. coli O157:H7, Salmonella, Campylobacter, and Cryptosporidium, these animals are not appropriate unless meticulous attention to personal hygiene can be assured.
3. **Ferrets** – Ferrets bite when startled, therefore students should not handle ferrets in the classroom. Students under the age of five are prohibited from having contact with these animals.
4. **Fish** – Use disposable gloves when cleaning aquariums. Do not dispose of aquarium water in sinks used for food preparation or for obtaining drinking water.
5. **Hamsters, Guinea pigs, and Gerbils** – Due to the risk of Salmonella bacteria and Lymphocytic choriomeningitis virus, special care must be taken when students handle these animals. Students under the age of five are prohibited from having contact with these animals.
6. **Psittacine Birds** – Because these birds (e.g., parrots, parakeets, budgies, and cockatiels) can carry disease, students are prohibited from handling them. Staff members should clean cages when students are not present.
7. **Reptiles and Amphibians** – Due to the risk of Salmonella bacteria, special precautions must be taken when students handle these animals. Students under the age of five are prohibited from having contact with these animals.

Animal-Related Injuries

If an animal bites, scratches, or otherwise injures someone at school and the skin is pierced, the Building Principal or designee will ensure:

1. The teacher immediately reports the incident to the Building Principal or designee and school nurse;
2. If necessary, the school nurse notifies public health authorities;
3. The school nurse notifies the student's parent(s)/guardian(s); and
4. An incident/accident report is completed by the staff member responsible at the time of the injury and forwarded to the school nurse.

Additional Applicant, Supervising Teacher, and Animal Owner Responsibilities

1. Applicant responsibilities:
 - A. The applicant must have a plan that assures the animal is appropriately housed, humanely cared for, and properly handled.
 - B. The applicant must submit health records and/or proof of current vaccination as set forth in these *Guidelines for Using Animals in School Facilities*.
 - C. Animals are not to be transported on school buses.
2. Supervising teacher and/or facility staff responsibilities:
 - A. The supervising teacher signing the application must assume primary responsibility for the animal.
 - B. Only the teacher or students designated by the teacher are to handle the animals.
 - C. If animals are to be kept in the classroom on days when classes are not in session, the teacher must make arrangements for their care and safety.
3. Animal owner's responsibilities:
 - A. The animal's owner agrees to hold the District, its employees, agents, and assigns harmless for any injury to, including death of, the animal.
 - B. The animal's owner, if different from the person making the application, must sign below demonstrating that he or she granted permission for the animal to come into the classroom and agrees to the conditions set forth in this application.

I agree to abide by the *Guidelines for Using Animals in School Facilities* outlined above in this application.

Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program

The Superintendent or designee shall develop, maintain, and supervise a program for students at risk of academic failure or dropping out of school. The program shall include education and support services addressing individual learning styles, career development, and social needs, and may include without limitation one or more of the following:

- Parent-teacher conferences
- Counseling services by social workers and/or guidance counselors
- Counseling services by psychologists
- Psychological testing
- Truants' alternative and optional education program
- Alternative school placement
- Community agency services
- Alternative learning opportunities program, in conformity with the Alternative Learning Opportunities Law, as it may be amended from time to time
- Graduation incentives program
- Remediation program

Any student who is below the age of 20 years is eligible to enroll in a graduation incentives program if he or she:

1. Is considered a dropout according to State law;
2. Has been suspended or expelled;
3. Is pregnant or is a parent;
4. Has been assessed as chemically dependent; or
5. Is enrolled in a bilingual education or English Language Learners program.

Education of Children with Disabilities

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term *children with disabilities*, as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Ill. State Board of Education (ISBE) *Special Education* rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the ISBE *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the District in fulfilling its obligations to the District's disabled students.

If necessary, students may also be placed in nonpublic special education programs or education facilities.

Program for the Gifted

The Superintendent or designee may design an education program for gifted and talented students that is responsive to community needs while complying with Section 14A-30 of The School Code in order to qualify for State funding, should such funding become available.

Eligibility to participate in the gifted program shall not be conditioned upon race, religion, sex, disability, or any factor other than the student's identification as gifted or talented.

In order to allow the School Board to monitor this policy, the Superintendent or designee shall report at least annually on the status of the District's gifted program.

Accelerated Placement Program

The District provides an Accelerated Placement Program (APP). The APP advances the District's goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to: (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District's APP shall not be conditioned upon the protected classifications identified in School Board policy 7:10, *Equal Educational Opportunities*, or any factor other than the student's identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:

1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g. District administrators, teachers, and school support personnel, and a student's parent(s)/guardian(s);
2. Notification processes that notify a student's parent(s)/guardian(s) of a decision affecting a student's participation in the APP; and
3. Assessment processes that include multiple valid, reliable indicators.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement. Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; and (b) be provided in multiple languages, as appropriate.

Education of Homeless Children

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths, including a public pre-school education. A *homeless child* is defined as provided in the McKinney-Vento Homeless Assistance Act and the Ill. Education for Homeless Children Act. The Superintendent or designee shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation.

A homeless child may attend the District school that the child attended when permanently housed or in which the child was last enrolled. A homeless child living in any District school's attendance area may attend that school.

The Superintendent or designee shall review and revise rules or procedures that may act as barriers to the enrollment of homeless children and youths. In reviewing and revising such procedures, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Transportation shall be provided in accordance with the McKinney-Vento Homeless Assistance Act and State law. The Superintendent or designee shall give special attention to ensuring the enrollment and attendance of homeless children and youths who are not currently attending school. If a child is denied enrollment or transportation under this policy, the Liaison for Homeless Children shall immediately refer the child or his or her parent/guardian to the ombudsperson appointed by the Regional Superintendent and provide the child or his or her parent/guardian with a written explanation for the denial. Whenever a child and his or her parent/guardian who initially share the housing of another person due to loss of housing, economic hardship, or a similar hardship continue to share the housing, the Liaison for Homeless Children shall, after the passage of 18 months and annually thereafter, conduct a review as to whether such hardship continues to exist in accordance with State law.

Instruction

Migrant Students

The Superintendent will develop and implement a program to address the needs of migrant children in the District.

This program will include a means to:

1. Identify migrant students and assess their educational and related health and social needs.
2. Provide a full range of services to migrant students through appropriate local, State and federal educational programs, including applicable Title I programs, special education, gifted education, vocational education, language programs, counseling programs, and elective classes.
3. Provide migrant children with full and appropriate opportunities to meet the same challenging State academic standards that all children are expected to meet.
4. Provide advocacy and outreach programs to migrant children and their families and professional development for District staff.
5. Provide programs, activities, and procedures for the engagement of parents/guardians and family members of migrant students in an understandable format and language.

Migrant Education Program for Parent/Guardian and Family Member Engagement

Parents/guardians and family members of migrant students will be involved in and regularly consulted about the development, implementation, operation, and evaluation of the migrant program.

Parents/guardians and family members of migrant students will receive instruction regarding their role in improving the academic achievement of their children.

Instruction

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant, or advanced practice registered nurse anticipates that the student will be absent from school, because of a medical condition may be eligible for instruction in the student's home or hospital. Eligibility shall be determined by State law and the Illinois State Board of Education rules governing (1) the continuum of placement options for students who have been identified for special education services or (2) the home and hospital instruction provisions for students who have not been identified for special education services. Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from: (1) a physician licensed to practice medicine in all of its branches, (2) a licensed physician assistant, or (3) a licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction (1) before the birth of the child when the student's physician, physician assistant, or advanced practice registered nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to three months after the child's birth or a miscarriage.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s), and hospital staff to coordinate course work and facilitate a student's return to school.

English Learners

The District offers opportunities for resident English Learners to achieve at high levels in academic subjects and to meet the same challenging State academic standards that all children are expected to meet. The Superintendent or designee shall develop and maintain a program for English Learners that will:

1. Assist all English Learners to achieve English proficiency, facilitate effective communication in English, and encourage their full participation in school activities and programs as well as promote participation by the parents/guardians of English Learners.
2. Appropriately identify students with limited English language proficiency.
3. Comply with State law regarding the Transitional Bilingual Educational Program (TBE) or Transitional Program of Instruction (TPI), whichever is applicable.
4. Comply with any applicable State and federal requirements for the receipt of grant money for English Learners and programs to serve them.
5. Determine the appropriate instructional program and environment for English Learners.
6. Annually assess the English proficiency of English Learners and monitor their progress in order to determine their readiness for a mainstream classroom environment.
7. Include English Learners, to the extent required by State and federal law, in the District's student assessment program to measure their achievement in reading/language arts and mathematics.
8. Provide information to the parents/guardians of English Learners about: (a) the reasons for their child's identification, (b) their child's level of English proficiency, (c) the method of instruction to be used, (d) how the program will meet their child's needs, (e) how the program will specifically help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation, (f) specific exit requirements of the program, (g) how the program will meet their child's individualized education program, if applicable, and (h) information on parent/guardian rights. Parents/guardians will be regularly apprised of their child's progress and involvement will be encouraged.

Parent Involvement

Parents/guardians of English Learners will be informed how they can: (1) be involved in the education of their children, and (2) be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students.

Instruction

Title I Programs

The Superintendent or designee shall pursue funding under Title I, Improving the Academic Achievement of the Disadvantaged, of the Elementary and Secondary Education Act, to supplement instructional services and activities in order to improve the educational opportunities of educationally disadvantaged or deprived children.

All District schools, regardless of whether they receive Title I funds, shall provide services that, taken as a whole, are substantially comparable. Teachers, administrators, and other staff shall be assigned to schools in a manner that ensures equivalency among the District's schools. Curriculum materials and instructional supplies shall be provided in a manner that ensures equivalency among the District's schools.

Title I Parent and Family Engagement

The District maintains programs, activities, and procedures for the engagement of parents/guardians and families of students receiving services, or enrolled in programs, under Title I. These programs, activities, and procedures are described in District-level and School-level compacts.

District-Level Parent and Family Engagement Compact

The Superintendent or designee shall develop a *District-Level Parent and Family Engagement Compact* according to Title I requirements. The *District-Level Parent and Family Engagement Compact* shall contain: (1) the District's expectations for parent and family engagement, (2) specific strategies for effective parent and family engagement activities to improve student academic achievement and school performance, and (3) other provisions as required by federal law. The Superintendent or designee shall ensure that the *Compact* is distributed to parents/guardians of students receiving services, or enrolled in programs, under Title I.

School-Level Parent and Family Engagement Compact

Each Building Principal or designee shall develop a *School-Level Parent and Family Engagement Compact* according to Title I requirements. This *School-Level Parent and Family Engagement Compact* shall contain: (1) a process for continually involving parents/guardians in its development and implementation, (2) how parents/guardians, the entire school staff, and students share the responsibility for improved student academic achievement, (3) the means by which the school and parents/guardians build and develop a partnership to help children

achieve the State's high standards, and (4) other provisions as required by federal law. Each Building Principal or designee shall ensure that the *Compact* is distributed to parents/guardians of students receiving services, or enrolled in programs, under Title I.

Remote Educational Program

The Superintendent shall develop, maintain, and supervise a remote educational program consistent with Section 10-29 of the School Code. The remote educational program shall provide an opportunity for qualifying students to participate in an educational program delivered by the District in a location outside of a school.

The remote educational program shall:

1. Align its curriculum with the Illinois State Learning Standards and Board policies 6:10, *Educational Philosophy and Objectives* and 6:15, *School Accountability*.
2. Offer instruction and educational experiences consistent with those given to students at the same grade level in the District through compliance with Board policies 6:30, *Organization of Instruction* and 6:300, *Graduation Requirements*.
3. Provide instructors that meet the teacher qualifications in Board policy 5:190, *Teacher Qualifications*. Instructors are responsible for the following elements of the program:
 - a. Planning instruction,
 - b. Diagnosing learning needs,
 - c. Prescribing content delivery through class activities,
 - d. Assessing learning,
 - e. Reporting outcomes to administrators and parents/guardians, and
 - f. Evaluating the effects of instruction.
4. Provide a remote educational program anytime during the period of time from and including the opening date to the closing date of the District's regular school term. It may operate on any calendar day, notwithstanding whether it is a student attendance day or institute day on the School District's calendar or any other provision of law restricting instruction on that day. The District's regular school term is established by Board policies 2:20, *Powers and Duties of the School Board* and 6:20, *School Year Calendar and Day*. The remote educational program may be offered outside of the regular school term as part of any authorized summer school program.
5. Calculate the number of clock hours a student participates in instruction in alignment with Board policy 6:20, *School Year Calendar and Day*.
6. Limit participation to students who are juniors or seniors or demonstrate individual educational need(s). Approval of students in the program will be on a space-available basis.
7. Authorize the Superintendent or designee to approve students for participation in the program when the student shows evidence of:
 - a. Enrollment in the District pursuant to Board policies 7:60, *Residence* and 7:30, *Student Assignment and Intra-District Transfer*.
 - b. Prior approval from their individualized educational program (IEP) team, if applicable.
 - c. How the remote educational program best serves the student's individual learning needs.
 - d. A consistent, appropriate attendance record, no disciplinary record, and a 2.5 minimum grade point average.
8. Include a process for developing and approving a written remote educational plan for each student participating in the program.
9. Require students to complete their participation in the program within 12 months, unless the student's participation is extended by the District.

10. Require students to participate in all assessments administered by the District pursuant to State and federal law and Board policy 6:340, *Student Testing and Assessment Program*.
11. Align with the requirements of Board policy 7:340, *Student Records*.
12. Comply with other State and federal laws and align with all applicable Board policies. This includes the Superintendent submitting a copy of this policy to the Illinois State Board of Education along with any amendments to it and any data on student participation.
13. Be monitored by the Board pursuant to Board policy 2:240, *Board Policy Development* and included as an topic for discussion in the annual report required by Board policy 6:10, *Educational Philosophy and Objectives*. It shall include a discussion of the process for renewal of the program when applicable.

Instruction

Extracurricular and Co-Curricular Activities

The Superintendent must approve an activity in order for it to be considered a District-sponsored extracurricular or co-curricular activity, using the following criteria:

1. The activity will contribute to the leadership abilities, social well-being, self-realization, good citizenship, or general growth of student-participants.
2. Fees assessed students are reasonable and do not exceed the actual cost of operation.
3. The District has sufficient financial resources for the activity.
4. Requests from students.
5. The activity will be supervised by a school-approved sponsor.

Non-school sponsored student groups are governed by School Board policy, 7:330, *Student Use of Buildings - Equal Access*.

Academic Criteria for Participation

For students in kindergarten through 8th grade, selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Students must satisfy all academic standards and must comply with the activity's rules and the student conduct code.

For high school students, selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Participation in co-curricular activities is dependent upon course selection and successful progress in those courses. In order to be eligible to participate in any school-sponsored or school-supported athletic or extracurricular activity, a student must maintain an overall ___ grade point average. Any student-participant failing to meet these academic criteria shall be suspended from the activity for ___ calendar days or until the specified academic criteria are met, whichever is longer.

Instruction

Instructional Materials

All District classrooms and learning centers should be equipped with an evenly-proportioned, wide assortment of instructional materials, including textbooks, workbooks, audio-visual materials, and electronic materials. These materials should provide quality learning experiences for students and:

1. Enrich and support the curriculum;
2. Stimulate growth in knowledge, literary appreciation, aesthetic values, and ethical standards;
3. Provide background information to enable students to make informed judgments and promote critical reading and thinking;
4. Depict in an accurate and unbiased way the cultural diversity and pluralistic nature of American society; and
5. Contribute to a sense of the worth of all people regardless of sex, race, religion, nationality, ethnic origin, sexual orientation, disability, or any other differences that may exist.

The Superintendent or designee shall annually provide a list of textbooks and instructional materials used in the District to the School Board. Anyone may inspect any textbook or instructional material.

Teachers are encouraged to use supplemental material only when it will enhance, or otherwise illustrate, the subjects being taught and to ensure it is age-appropriate. No R-rated movie shall be shown to students unless prior approval is received from the Superintendent or designee, and no movie rated NC-17 (no one 17 and under admitted) shall be shown under any circumstances.

Instructional Materials Selection and Adoption

The Superintendent shall approve the selection of all textbooks and instructional materials according to the standards described in this policy. The School Code governs the adoption and purchase of textbooks and instructional materials.

Exhibit - Bring Your Own Technology (BYOT) Program Student Guidelines

This exhibit accompanies policy 6:220, Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct. It should be sent home with students along with 6:220-E1, Authorization to Participate in the Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct Agreement. It outlines BYOT guidelines. Building Principals may want to include this in the student handbook. Modify this exhibit to reflect the District's and any building-specific guidelines.

The purpose of the District's BYOT program is to extend and enrich the learning environment. The following guidelines apply to students who participate in the program:

- Access only the District's Internet gateway. The District filters access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate at school pursuant to policy 6:235, *Access to Electronic Networks*. Make no attempts to bypass the District's Internet gateway. Similar to when a filter is disabled or malfunctions, it is impossible to control all Internet material, and a BYOT participant may discover inappropriate material. It may also be discovered if and/or when sharing a BYOT device with another student. Report inappropriate content and conduct to your classroom teacher.
- Follow the standards of your parents/guardians. The District respects each family's right to decide whether or not to participate. District-provided technology may be an alternative.
- Access only authorized data or files on the computer or Internet sites that are relevant to the classroom curriculum and suggested by a teacher. Students are strictly prohibited from infecting the District's network(s) with a virus or malware program designed to damage, alter, or destroy the network, and hacking, altering, or bypassing security policies. Using anti-virus and anti-malware software on BYOT devices is encouraged. The District may examine any BYOT device that it suspects is causing network problems or may be the source of an attack or virus infection.
- Use of a BYOT device is subject to policy 7:190, *Student Behavior*.
- Transmit only appropriate content while using the District's electronic network. At no time, may a photographic image or video of any person on campus be made, posted, or shared. Any reasonable suspicion of an activity that violates law or Board policies will be treated according to policy 7:140, *Search and Seizure*. Bullying or sexual material will not be tolerated and will be managed pursuant to policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*. Retrieval of devices that become involved in a law enforcement investigation is the student and parent/guardian's responsibility.
- Charge all BYOT devices prior to school every day. Turn off and keep BYOT devices in the sight of the teacher during assessments, unless otherwise directed by a teacher. Immediately follow any teacher's instruction to shut down BYOT devices or close the screen. All BYOT devices must be in silent mode and put away when directed by teachers.
- Sharing BYOT devices with other students is allowed only when a parent/guardian has approved this in writing through the *Bring Your Own Technology (BYOT) Program Participation Authorization and Responsible Use Agreement Form* and the teacher has directed it.

Instruction

Library Media Program

The Superintendent or designee shall manage the District's library media program to comply with (1) State law and Ill. State Board of Education (ISBE) rule and (2) the following standards:

1. The program includes an organized collection of resources available to students and staff to supplement classroom instruction, foster reading for pleasure, enhance information literacy, and support research, as appropriate to students of all abilities in the grade levels served.
2. Financial resources for the program's resources and supplies are allocated to meet students' needs.
3. Students in all grades served have equitable access to library media resources.
4. The advice of an individual who is qualified according to ISBE rule is sought regarding the overall direction of the program, including the selection and organization of materials, provision of instruction in information and technology literacy, and structuring the work of library paraprofessionals.
5. Staff members are invited to recommend additions to the collection.
6. Students may freely select resource center materials as well as receive guided selection of materials appropriate to specific, planned learning experiences.

Instruction

Access to Electronic Networks

Electronic networks, including the Internet, are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication. The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s).

The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Curriculum and Appropriate Online Behavior

The use of the District's electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, *Curriculum Content*, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyberbullying awareness and response. Staff members may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum.

The District's electronic network is part of the curriculum and is not a public forum for general use.

Acceptable Use

All use of the District's electronic networks must be: (1) in support of education and/or research, and be in furtherance of the goals stated herein, or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic networks or District computers. General rules for behavior and communications apply when using electronic networks. The District's administrative procedure, *Acceptable Use of the District's Electronic Networks*, contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

Internet Safety

Technology protection measures shall be used on each District computer with Internet access. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,

2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
4. Restrict unauthorized access, including "hacking" and other unlawful activities, and
5. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.

Authorization for Electronic Network Access

Each staff member must sign the *Authorization for Access to the District's Electronic Networks* as a condition for using the District's electronic network. Each student and his or her parent(s)/guardian(s) must sign the *Authorization* before being granted unsupervised use.

All users of the District's computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

The failure of any student or staff member to follow the terms of the District's administrative procedure, *Acceptable Use of the District's Electronic Networks*, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Exhibit - Letter to Parents/Guardians Regarding Student Use of the District's Electronic Networks

On District letterhead

Date

Dear Parents/Guardians:

We have the ability to enhance your child's education through the use of electronic networks, including the Internet. The Internet offers vast, diverse, and unique resources. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Your authorization is needed before your child may use this resource.

The Internet electronically connects thousands of computers throughout the world and millions of individual subscribers. Students and teachers may have access to:

- Limited electronic mail communications with people all over the world,
- Information from government sources, research institutions, and other sources,
- Discussion groups, and
- Many libraries, including the catalog to the Library of Congress, and the Educational Resources Information Clearinghouses (ERIC).

With this educational opportunity also comes responsibility. You and your child should read the enclosed *Authorization for Electronic Network Access* and discuss it together. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions.

The District takes precautions to prevent access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. On an unregulated network, however, it is impossible to control all material and a user may discover inappropriate material. Ultimately, parents/guardians are responsible for setting and conveying the standards that their child or ward should follow. To that end, the School District supports and respects each family's right to decide whether or not to authorize Internet access.

Please read and discuss the *Authorization for Electronic Network Access* with your child. If you agree to allow your child to have an Internet account, sign the *Authorization* form and return it to your school.

Adopted December 2007

Instruction

Exhibit - Authorization for Electronic Network Access

Each staff member must sign this Authorization as a condition for using the District's Electronic Network connection. Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted unsupervised access. Please read this document carefully before signing.

All use of the Internet shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. This *Authorization* does not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow the terms of the *Authorization for Electronic Network Access* will result in the loss of privileges, disciplinary action, and/or appropriate legal action.** The signatures at the end of this document are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

Terms and Conditions

Acceptable Use - Access to the District's electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for a legitimate business use.

Privileges - The use of the District's electronic networks is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator will make all decisions regarding whether or not a user has violated the terms of access privileges and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
- c. Downloading copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- m. Using the network while access privileges are suspended or revoked.

Network Etiquette - You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in your messages to others.

- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal the personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the users own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of this *Authorization*.

Security - Network security is a high priority. If you can identify a security problem on the Internet, you must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the Web or on District Web sites or file servers, without explicit written permission.

- a. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
- b. Students and staff engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
- d. The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Electronic Mail - The District's electronic mail system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides e-mail to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the School District's electronic mail system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those "acceptable uses" as detailed in these procedures. Internet safety is almost assured if users will not engage in "unacceptable uses," as detailed in this *Authorization*, and otherwise follow this *Authorization*.

Staff members shall supervise students while students are using District Internet access to ensure that the students abide by the Terms and Conditions for Internet access contained in this *Authorization*.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

Exhibit - Online Privacy Statement

Online Privacy Statement

The School District respects the privacy of all Web site visitors to the extent permitted by law. This Online Privacy Statement is intended to inform you of the ways in which this Web site collects information, the uses to which that information will be put, and the ways in which we will protect any information you choose to provide us.

There are four types of information that this site may collect during your visit: network traffic logs, Web-visit logs, cookies, and information voluntarily provided by you.

Network Traffic Logs

In the course of ensuring network security and consistent service for all users, the District employs software programs to do such things as monitor network traffic, identify unauthorized access or access to nonpublic information, detect computer viruses and other software that might damage District computers or the network, and monitor and tune the performance of the District network. In the course of such monitoring, these programs may detect such information as e-mail headers, addresses from network packets, and other information. Information from these activities is used only for the purpose of maintaining the security and performance of the District's networks and computer systems. Personally identifiable information from these activities is not released to external parties without your consent unless required by law.

Web-Visit Logs

District Web sites routinely collect and store information from online visitors to help manage those sites and improve service. This information includes the pages visited on the site, the date and time of the visit, the Internet address (URL or IP address) of the referring site, the domain name and IP address from which the access occurred, the version of browser used, the capabilities of the browser, and search terms used on our search engines. This site makes no attempt to identify individual visitors from this information; any personally identifiable information is not released to external parties without your consent unless required by law.

Cookies

Cookies are pieces of information stored by your Web browser on behalf of a Web site and returned to the Web site on request. This site may use cookies for two purposes: to carry data about your current session at the site from one Web page to the next and to identify you to the site between visits. If you prefer not to receive cookies, you may turn them off in your browser, or may set your browser to ask you before accepting a new cookie. Some pages may not function properly if the cookies are turned off. Unless otherwise notified on this site, we will not store data, other than for these two purposes, in cookies. Cookies remain on your computer, and accordingly we neither store cookies on our computers nor forward them to any external parties. We do not use cookies to track your movement among different Web sites and do not exchange cookies with other entities.

Information Voluntarily Provided by You

In the course of using this Web site, you may choose to provide us with information to help us serve your needs. For example, you may send us electronic mail (through a mailer or a Web form) to

request information, you may sign up for a mailing list, or you may send us your address so we may send you an application or other material. Any personally identifiable information you send us will be used only for the purpose indicated. Requests for information will be directed to the appropriate staff to respond to the request, and may be recorded to help us update our site to better respond to similar requests. We will not sell, exchange, or otherwise distribute your personally identifiable information without your consent, except to the extent required by law. We do not retain the information longer than necessary for normal operations. Each Web page requesting information discloses the purpose of that information. If you do not wish to have the information used in that manner, you are not required to provide it. Please contact the person listed on the specific page, or listed below, with questions or concerns on the use of personally identifiable information.

Web Links to Non-District Sites

District Web sites provide links to other World Wide Web sites or resources. We do not control these sites and resources, do not endorse them, and are not responsible for their availability, content, or delivery of services. In particular, external sites are not bound by this Online Privacy Statement; they may have their own policies or none at all. Often you can tell you are leaving a District Web site by noting the URL of the destination site. These links to external Web sites open a new browser window as well.

Exhibit - Keeping Yourself and Your Kids Safe On Social Networks

The quick tips for teens:

- Put everything behind password protected walls, where only friends can see.
- Protect your password and make sure you really know who someone is before you allow them onto your friend's list.
- Blur or morph your photos a bit so they won't be abused by cyberbullies or predators.
- Don't post anything your parents, principal or a predator couldn't see.
- What you post online stays online - forever!!!! So ThinkB4UClick!
- Don't do or say anything online you wouldn't say offline.
- Protect your privacy and your friends' privacy too...get their okay before posting something about them or their pics online.
- Check what your friends are posting/saying about you. Even if you are careful, they may not be and may be putting you at risk.
- That cute 14-year old boy may not be cute, may not be 14 and may not be a boy! You never know!
- And, unless you're prepared to attach your blog to your college/job/internship/scholarship or sports team application...don't post it publicly!
- Stop, Block and Tell! (don't respond to any cyberbullying message, block the person sending it to you and tell a trusted adult).
- R-E-S-P-E-C-T! (use good netiquette and respect the feelings and bandwidth of others).
- Keep personal information private (the more information someone has about you, the more easily they can bully you).
- Google yourself! (conduct frequent searches for your own personal information online and set alerts ... to spot cyberbullying early).
- Take 5! (walk away from the computer for 5 minutes when something upsets you, so you don't do something you will later regret).

And for parents:

- Talk to your kids - ask questions (and then confirm to make sure they are telling you the truth!)
- Ask to see their profile page (for the first time)...tomorrow! (It gives them a chance to remove everything that isn't appropriate or safe...and it becomes a way to teach them what not to post instead of being a gotcha moment! Think of it as the loud announcement before walking downstairs to a teen party you're hosting.)
- Don't panic...there are ways of keeping your kids safe online. It's easier than you think!
- Be involved and work with others in your community. (Think about joining WiredSafety.org and help create a local cyber-neighborhood watch program in your community.)
- Remember what you did that your parents would have killed you had they known, when you were fifteen.
- This too will pass! Most kids really do use social networks just to communicate with their friends. Take a breath, gather your thoughts and get help when you need it. (You can reach out to WiredSafety.org.)
- It's not an invasion of their privacy if strangers can see it. There is a difference between reading their paper diary that is tucked away in their sock drawer...and reading their blog. One is between them and the paper it's written on; the other between them and 700 million people online!
- Don't believe everything you read online - especially if your teen posts it on her blog!

Exhibit - Children's Online Privacy Protection Act

On District letterhead:

RE: Children's Online Privacy Protection Act

Dear Parent(s)/Guardian(s):

This letter is being sent as part of the District's continuing effort to educate parents and students about privacy protection and Internet use.

The Children's Online Privacy Protection Act gives parents control over what information websites can collect from their children. Many companies, however, are not providing information about what data a mobile app collects, who will have access to that data, and how it will be used. Allowing your child access to games and other seemingly harmless applications on a smartphone or computer risks his or her exposure to intrusive marketing and access to personal information.

A recent survey of apps for children by the Federal Trade Commission found that 10 percent of apps with social networking services did not disclose their presence; 17 percent of the apps allowed children to make purchases without parent/guardian consent; and 58 percent contained constant advertising, while less than 20 percent disclosed that advertising would appear.

The following suggestions may help keep children from being bombarded by unwanted advertising, from making unwanted purchases and from disclosing personal information and location:

- Be choosy about the applications that you let your child use. Try the app yourself to check for advertising messages and/or social networking and purchase options before allowing your child access.
- Select activities that do not require access to the Internet or an application, such as looking at family pictures or listening to preselected music, screened and approved by you.
- Make certain that the ability to make purchases is password protected.
- Set up family rules and consequences explaining that all purchases made via a smartphone or computer must have parent/guardian consent.
- Caution children about the use of social networking and other sites and/or apps that can pinpoint locations.
- Monitor computer and smartphone use whenever and wherever possible.

Field Trips

Field trips are permissible when the experiences are an integral part of the school curriculum and/or contribute to the District's educational goals.

All field trips must have the Superintendent or designee's prior approval, except that field trips beyond a 200-mile radius of the school or extending overnight must have the prior approval of the School Board. The following factors are analyzed when determining whether to approve a field trip: educational value, student safety, parent concerns, heightened security alerts, and liability concerns. On all field trips, a bus fee set by the Superintendent or designee may be charged to help defray the transportation costs.

Parents/guardians of students: (1) shall be given the opportunity to consent to their child's participation in any field trip, and (2) are responsible for all entrance fees, food, lodging, or other costs, except that the District will pay such costs for students who qualify for free or reduced school lunches. All non-participating students shall be provided an alternative experience. Any field trip may be cancelled without notice due to danger to students, staff, or chaperones. Monies deposited may be forfeited.

Community Resource Persons and Volunteers

The School Board encourages the use of resource persons and volunteers to: (1) increase students' educational attainment, (2) provide enrichment experiences for students, (3) increase the effective utilization of staff time and skills, (4) give more individual attention to students, and (5) promote greater community involvement.

Resource persons and volunteers may be used:

1. For non-teaching duties not requiring instructional judgment or evaluation of students;
2. For supervising study halls, long distance teaching reception areas used incident to instructional programs transmitted by electronic media (such as computers, video, and audio), detention and discipline areas, and school-sponsored extracurricular activities;
3. To assist with academic programs under a certificated teacher's immediate supervision;
4. As a guest lecturer or resource person under a certificated teacher's direction and with the administration's approval; or
5. As supervisors, chaperones, or sponsors for non-academic school activities.

The Superintendent shall establish procedures for securing and screening resource persons and volunteers. A person who is a "sex offender," as defined by the Sex Offender Registration Act, or a "violent offender against youth," as defined in the Child Murderer and Violent Offender Against Youth Registration Act, is prohibited from being a resource person or volunteer.

Guidance and Counseling Program

The School District provides a guidance and counseling program for students. The Superintendent or designee shall direct the District's guidance and counseling program. School counseling services, as described by State law, may be performed by a qualified guidance specialist or any certificated staff member.

[For Elementary and Unit Districts]

Each staff member is responsible for effectively guiding students under his/her supervision in order to provide early identification of intellectual, emotional, social, or physical needs, diagnosis of any learning disabilities, and development of educational potential. The District's counselors shall offer counseling to those students who require additional assistance.

[For High School and Unit Districts]

The guidance program will assist students to identify career options consistent with their abilities, interests, and personal values. Students shall be encouraged to seek the help of counselors to develop specific curriculum goals that conform to the student's career objectives. High school juniors and seniors will have the opportunity to receive career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Grading and Promotion

The Superintendent or designee shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the standardized tests required by the Ill. State Board of Education (ISBE) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

Instruction

Homework

Homework is a necessary part of the District's instructional program. Homework is assigned to further a student's educational development and is an application or adaptation of a classroom experience. The Superintendent shall provide guidance to ensure that homework:

1. Is used to reinforce and apply previously covered concepts, principles, and skills;
2. Is not assigned for disciplinary purposes;
3. Serves as a communication link between the school and parents/guardians;
4. Encourages independent thought, self-direction, and self-discipline; and
5. Is of appropriate frequency and length, and does not become excessive, according to the teacher's best professional judgment.

Instruction

Graduation Requirements

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all District graduation requirements that are in addition to the State requirements.
2. Completing all courses as provided in the School Code, 105 ILCS 5/27-22.
3. Completing all minimum requirements for graduation as specified by Illinois State Board of Education rule, 23 Ill.Admin.Code §1.440.
4. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
5. Participating in State assessments that are required for graduation by the School Code, 105 ILCS 5/2-3.64a-5(c).
6. Beginning with the 2020-2021 school year, filing one of the following: (1) a Free Application for Federal Student Aid (FAFSA) with the U.S. Dept. of Education, (2) an application for State financial aid, or (3) an Ill. State Board of Education (ISBE) waiver form indicating that the student understands what these aid opportunities are and has chosen not to file an application. If the student is not at least 18 years of age or legally emancipated, the student's parent/guardian must file one of these documents on the student's behalf.

A student is exempt from this requirement if: (1) the student is unable to file a financial aid application or an ISBE waiver due to extenuating circumstances, (2) the Building Principal attests the District made a good faith effort to assist the student or the student's parent/guardian with filing a financial aid application or an ISBE waiver form, and (3) the student has met all other graduation requirements.

The Superintendent or designee is responsible for:

1. Maintaining a description of all course offerings that comply with the above graduation requirements.
2. Notifying students and their parents/guardians of graduation requirements.
3. Developing the criteria for #4 above.
4. Complying with State law requirements for students who transfer during their senior year because their parent(s)/guardian(s) are on active military duty. This includes making reasonable adjustments to ensure graduation if possible, or efforts to ensure that the original (transferor) school district issues the student a diploma.
5. Taking all other actions needed or necessary to implement this policy.

Early Graduation

The Superintendent or designee shall implement procedures for students to graduate early, provided they finish seven semesters of high school and meet all graduation requirements.

Certificate of Completion

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's four years

of high school, qualifies for a certificate of completion after the student has completed four years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class. The Superintendent or designee shall provide timely written notice of this requirement to children with disabilities and their parents/guardians.

High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students

Credit for Non-District Experiences

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course
2. Courses in an accredited foreign exchange program
3. Summer school or community college courses
4. College or high school courses offering dual credit at both the college and high school level
5. Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education
6. Work-related training at manufacturing facilities or agencies in a Tech Prep Program
7. Credit earned in a Vocational Academy

The student must seek approval from the Superintendent or designee to receive graduation credit for any non-District course or experience. The Superintendent or designee shall determine the amount of credit and whether a proficiency examination is required before the credit is awarded. As approval is not guaranteed, students should seek conditional approval of the experience before participating in a non-District course or experience. The student assumes responsibility for any fee, tuition, supply, or other expense. The student seeking credit is responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The Superintendent or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities. This section does not govern the transfer of credits for students transferring into the District.

Substitutions for Required Courses

Vocational or technical education; registered apprenticeship program. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses or a registered apprenticeship program if:

1. The Building Principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution in writing on forms provided by the District.

Advanced placement computer science. The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics, in accordance with Section 27-22 of the School Code. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

Substitutions for physical education. A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated below. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

1. Ongoing participation in a marching band program for credit;
2. Enrollment in Reserve Officer's Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an *interscholastic* or *extracurricular athletic program*;
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

A student who is eligible for special education may be excused from physical education courses pursuant to 7:260, *Exemption from Physical Education*.

Volunteer service credit. A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

Re-Entering Students

Individuals younger than 21 years of age may re-enter high school to acquire a high school diploma or an equivalency certificate, subject to the limitations in Board policy 7:50, *School Admissions and Student Transfers To and From Non-District Schools*. Re-entering students may obtain credit through the successful completion of the following (not all of these may be available at any one time):

1. District courses
2. Non-District experiences described in this policy
3. Classes in a program established under Section 10-22.20 of the School Code, in accordance with the standards established by the Illinois Community College Board
4. Proficiency testing, correspondence courses, life experiences, and other nonformal educational endeavors
5. Military service, provided the individual making the request has a recommendation from the American Council on Education

The provisions in the section **Credit for Non-District Experiences**, above, apply to the receipt of credit for any non-District course.

High School Credit for Students in Grade 7 or 8

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

[The next two paragraphs are only for unit and high school districts; the final paragraph is only for elementary districts.]

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the high school that the elementary student would attend and either of the following is satisfied: (1) the student participates in the course at the high school and the elementary student's enrollment in the course would not prevent a high school student from being able to enroll, or (2) the student participates in the course where the student attends school as long as the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit for the course. That academic credit shall satisfy the requirements of Section 27-22 of the School Code for purposes of receiving a high school diploma, unless evidence about the course's rigor and content show that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. The student's grade in the course shall also be included in the student's grade point average.

[Elementary school districts only]

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma. Students in grades 7 and 8 who successfully complete a course required for a high school diploma will receive academic credit if permitted by, and in accordance with, the policy of the district where the elementary student will attend high school.

High School Credit for Proficiency

Proficiency Credits

Subject to the limitations in this policy and State law, the Superintendent or designee is authorized to establish and approve a program for granting credit for proficiency with the goal of allowing a student who would not benefit from a course because the student is proficient in the subject area to receive credit without having to take the course. A student who demonstrates competency under this program will receive course credit for the applicable course and be excused from any requirement to take the course as a graduation prerequisite. No letter grade will be given for purposes of the student's cumulative grade point average. The Superintendent or designee shall notify students of the availability of and requirements for receiving proficiency credit.

Proficiency credit will be offered in the following subject areas:

Foreign language - A student is eligible to receive one year of foreign language credit if the student has graduated from an accredited elementary school and can demonstrate proficiency, according to this District's academic criteria, in a language other than English. A student who demonstrates proficiency in American Sign Language is deemed proficient in a foreign language and will receive one year of foreign language credit. A student who studied a foreign language in an approved ethnic school program is eligible to receive appropriate credit according to the level of proficiency reached; the student may be required to take a proficiency examination.

Other proficiency testing - The program for granting credit for proficiency may allow, as the Superintendent deems appropriate, course credit to be awarded on the basis of a local examination to a student who has achieved the necessary proficiency through independent study or work taken in or through another institution. Proficiency testing may also be used to determine eligible credit for other subjects whenever students enter from non-graded schools, non-recognized or non-accredited schools, or were in a home-schooling program.

Achievement and Awards

[High school and unit districts only]

Grade Point Average, Class Rank, and Class Honor Roll

The Superintendent shall maintain a uniform process for secondary schools to calculate, on at least a yearly basis, each student's grade point average and class rank, as well as an honor roll for each class.

[All districts]

Awards and Honors

The Superintendent shall maintain a uniform process for presenting awards and honors for outstanding scholarship, achievement, and/or distinguished service in school activities in such a way as to minimize bias and promote fairness. The Superintendent shall supervise the selection of the recipient(s).

All donations for awards, honors, and scholarships must receive the School Board's prior approval.

Student Testing and Assessment Program

The District student assessment program provides information for determining individual student achievement and instructional needs; curriculum and instruction effectiveness; and school performance measured against District student learning objectives and statewide norms.

The Superintendent or designee shall manage the student assessment program that, at a minimum:

1. Administers the State assessment system, known as the *Partnership for Assessment of Readiness for College and Careers* (PARCC), to all students and/or any other appropriate assessment methods and instruments, including norm and criterion-referenced achievement tests, aptitude tests, proficiency tests, and teacher-developed tests.
2. Informs students of the timelines and procedures applicable to their participation in every State assessment.
3. Provides each student's parents/guardians with the results or scores of each State assessment and an evaluation of the student's progress. See policy 6:280, *Grading and Promotion*.
4. Utilizes professional testing practices.

Overall student assessment data on tests required by State law will be aggregated by the District and reported, along with other information, on the District's annual report card. All reliable assessments administered by the District and scored by entities outside of the District must be (1) reported to ISBE on its form by the 30th day of each school year, and (2) made publicly available to parents and guardians of students. Board policy 7:340, *Student Records*, and its implementing procedures govern recordkeeping and access issues.
